### \$663,050 LIBERTY BONDS WERE BOUGHT

**Oversubscription in Crow Wing Co. Was 77 Per Cent, Every Single Unit Over the Top**

**5,565 Subscribers, Third Bond Campaign Slogan Was 25 Per Cent and County Made It 26.4 Per Cent**

The Dispatch today received a tabulation of Third Liberty Bond subscriptions for Crow Wing county and takes pleasure in bringing it to the attention of its readers. The results obtained are but little short of being phenomenal, and show what our citizens can and will do if only called upon to do their bit in a general campaign.

The allotment was \$375,000, and the committee tried to get just a little bit more, but it did try to get everybody to subscribe who could possibly do so. The unexpected thing was the hearty response received everywhere, and, as a result, 5,565 subscribers rolled up \$663,050.

The significance of these figures is more apparent when compared with those of the second campaign. In the second bond issue the allotment was \$350,000 but only 2006 people subscribed. On a basis of a 21,000 population the percentage was not quite 10%. In the whole Ninth Federal Reserve District the average was 14%. For the Third Bond campaign the slogan was "Make It 25%," and Crow Wing responded with 26.4%.

This means that one out of every four people possesses a Third Liberty Bond. The average amount of the subscription, after deducting the

### Terrific Blast of T. N. T. Kills and Maims 500 Today

(By United Press)  
Pittsburgh, May 18—Over 500 war workers were killed and injured this afternoon in a terrific blast of T. N. T. that wrecked the Aetna Chemical plant at Oakdale. The casualty figures, 170 dead and 400 wounded, are the first estimates. The dead and injured were thrown over a wide area. Wheel barrows, handcars and even children's express wagons were commandeered to rush first aid. Fire followed immediately.

T. N. T. is more deadly than nitro glycerine or dynamite, and is the same explosive that wrecked Halifax, Nova Scotia.

The scholars of the Whittier school in addition to buying W. S. S. stamps have developed as efficient stamp salesmen and sales women.

The school is situated in a district where good stamp sales to the scholars would be expected and they have done well.

Not content with their own savings they have found customers outside of the school and have developed a demand for stamps in this manner. The school has sold to its members and to others in the community over \$1,500 worth of stamps.

Miss Louise Barrett, the principal, states that she has been pleased with the excellent spirit shown, that the children are denying themselves many things that they have enjoyed and purchased stamps instead. She said that she could name some boys who are qualifying as salesmen, and that the one big thing of the campaign is the lessons in thrift and salesmanship which the children are learning.

### Eddie Richenbacher in Thrilling Air Battle

(By United Press)  
With the Americans in Lorraine, May 18—Lieutenant Eddie Richenbacher, former automobile racer, collided with a German air plane in mid air sending the enemy crashing to the earth. The Germans are trying the new trick of patrolling early in the morning before the Americans go up. Richenbacher got out early and spotted three German air planes at an altitude of three thousand meters, one some distance behind the others. Richenbacher pounced on him, getting the best of him when another boche joined his comrade. He sought to drop below Richenbacher, machine gunning him from beneath. The boche misjudged and collided with Richenbacher, who lost control and fell a thousand meters, then managed to limp back to the American lines, with damaged left wing. The German dropped, it is believed to the earth.

### Captain Peterson Bags Two Enemy Planes

(By United Press)  
Washington, May 18—Taking the air while awaiting the arrival of the French general with decorations for American flyers, Captain Peterson sent two German planes to destruction within one minute on May 15th. Today's official communique says: "One down in flames, and the other crumpled and falling." The statement says in Lorraine patrolling is active and there is a general increase in artillery fire, otherwise the day is quiet. It is now established that airplanes reported yesterday fallen within our lines northwest of Toul, were probably shot down by hostile aircraft gun.

### Hertling Thinks Peace Will Be Reached This Spring

(By United Press)  
Amsterdam, May 18—"I am still optimistic enough to believe we will reach peace this spring," Count Hertling, German Chancellor, said in an interview. He continued: "I am deeply confident the events in the west front will bring us nearer a speedy end of the war. If the world some day is united in an international peace league, Germany will unquestionably join. We long for peace."

### Young Men Becoming of Age Since Last June Must Register

St. Paul, May 18—Adjutant General Rhinow is sending instructions to all draft boards requiring boys attaining 21 since last June to register June 5.

## HUBERT RED CROSS WORK

A very successful Red Cross auction and luncheon was held at Hubert Friday evening and was well attended by Brainerd people. The auction was held at the school house and a number of valuable articles were sold at good prices. The luncheon was served cafeteria style in the basement of the school house and if anyone went away hungry it was their own fault for the ladies served a very appetizing supper.

Lewis Hathaway, who is to leave soon for the war zone in France where he will engage in Y. M. C. A. work, was presented with a wrist watch by D. T. Lawrence, secretary of the Brainerd Y. M. C. A. in recognition of his able assistance given the Y. M. C. A. here. D. D. Schrader presented Mr. Hathaway with a silver identification locket on behalf of the young people of Hubert. Mr. Hathaway expressed his appreciation of the gifts in a few words and was deeply moved by the kind remembrances.

From this city O. A. Peterson, Prof. W. C. Cobb, Gustav Halvorson, Claus Theorin, W. A. M. Johnstone, D. T. Lawrence, D. D. Schrader, W. E. Lively, Mrs. J. A. Thabes, Mr. and Mrs. F. T. Lincoln and Miss Carrie Morrison, attended. The trip was made in the cars of O. A. Peterson and W. E. Lively, and the party returned at about midnight.

The gross receipts from the auction were \$122.60 and this will be turned in to the Red Cross War Fund from that district.

The Brainerd people were liberal buyers at the auction and brought home nearly everything one can think of from leather pillow covers to a crate of chickens. Their interest was appreciated and was so expressed by Mr. Schrader for the people of Hubert.

Mr. Schrader acted as auctioneer and succeeded in disposing of the articles in a prompt manner.

### Many French Decorations Prove American Bravery

(By United Press)  
With Americans in Picardy, May 18—Thirty croix de guerre to date prove American bravery in Picardy. Major Rasmussen killed, was awarded posthumous decorations, which were sent to his family, saying that despite heavy bombardment he attempted to save valuable papers.

Major Paddock, of the signal corps and twenty-two other members of the company remained at their positions under heavy fire, maintaining communications during the night.

### Americans Entering France Faster and Faster

(By United Press)  
London, May 18—The British general staff reported a steady stream of American reinforcements entering France faster and faster. The Germans pretend to belittle the Americans but they really think otherwise, or they wouldn't stake all on the present battle.

### President Tired Man Having Good Time

(By United Press)

New York, May 18—President Wilson has completed an informal draft of the speech he will deliver tonight. The physicians insisted upon leisure this morning. He planned golf but the doctors objected. The president had a good time last night and admitted it. In responding to a long demonstration at the theatre the president said: "You are laboring under a delusion. You think you see the president of the United States. What you really see is a tired man having a good time."

people, from the boys "over there." They also expect to carry a message back to their comrades in arms, and Corp. Welcome must be shown that Brainerd and the northwest are with the boys in the trenches and are ready to back them up to the last ditch.

Experiences in "No Man's Land" as related by Corp. Welcome will bring the conflict home to the people. At one time he was cut off from his command for two hours by a German artillery barrage. He spent those two hours alone in a listening post half way between the American and German trenches. Private Horace Webster who returned at the same time is also stirring up patriotism in this state, but is working in the southern section.

### Most Recent Photo of American Commander

This is the most recent photograph of General John J. Pershing, commander of the American forces on the western front. It has just been announced that he will lead his men into the great defensive action against the new drive of the Germans. According to Secretary of War Baker the general now has under him more than a half million troops.

Falls Only Fifty Feet While Trying

New York, May 18.—In a fall of  
only fifty feet, Captain Antonio Res-

new Italian-made Caproni biplane at  
the Hazelhurst aviation field at  
Mineola.

The Italian flight captain, who came  
to the United States to demonstrate  
the efficiency of large planes in war,  
had an international reputation. After  
serving as an aviator with the Italian  
forces on the Isonzo front, where he  
was wounded five times, Resnati  
brought a Caproni plane here and  
performed the feat of carrying nine  
passengers from Hampton Roads,

## CUTS FLOUR RATION

German Government Orders a  
Considerable Reduction.

Official Bulletin Says Curtailment is  
Made So That Needs of People  
May Be Met.

Amsterdam, May 18.—A cut in the  
flour ration from 200 to 160 grams  
daily, beginning June 6, has been  
ordered by the German food depart-  
ment, according to advices from Ber-  
lin.

The announcement by the depart-  
ment breaks the news to the German  
people by saying:

"While the supply of promised  
grain from Ukraine can certainly be  
reckoned upon, it is uncertain whether  
such supplies will reach Germany  
in large amounts before this year's  
harvest. The reduction is made in order  
to be quite certain of meeting the  
people's need."

The addition of 10 per cent of po-  
tato flour is to be permitted. This  
means that the normal bread ration of  
about two grams daily, with an extra  
allowance to workmen, will be  
continued. The ration will be re-  
stored after the harvest. If the ar-  
rival of supplies does not permit this  
sooner. To make up for the reduction  
of bread ration, the sugar ration  
will be doubled and the distribution  
of groats and corn flour will be in-  
creased.

### COTTAGE CHEESE RECIPES GIVEN

Various ways in which cottage cheese may be used:

Cottage cheese is delicious as a salad. Shape into balls, serve on a lettuce leaf with salad dressing. Pimientos filled with cottage cheese make an attractive salad. Cottage cheese and crackers may take the place of desert. It, cottage cheese loaf, is a good meat substitute and delicious soup may be made in which the cheese is a nutritious element. Many people like it best with cream, pepper and salt added. It is quite palatable without any cream at all, if made properly.

It helps to make a richer sauce for creamed and scalloped dishes.

#### Cottage Cheese Loaf

2 cups cottage cheese, 1 cup left-over cereal, 1 cup dry bread crumbs, 4 tablespoons peanut butter, 1/2 cup chopped peanuts, 1 teaspoon onion juice, pinch of sage, salt, cayenne and paprika, liquid if necessary. Form into a loaf and bake in a hot oven 25 to 30 minutes, or until brown.

Cottage cheese sauces for creamed and scalloped dishes:

Thin Sauce—1 cup milk, 1/2 tablespoon butter, 1/2 tablespoon flour, 1-3 teaspoon salt, dash pepper, 1/4 cup cheese.

Medium Sauce—1 cup milk, 1/2 tablespoon butter, 1 tablespoon flour, 1-3 teaspoon salt, dash pepper, 1/4 cup cheese.

Thick Sauce—1 cup milk, 1 tablespoon butter, 1 tablespoon flour, 1-3 teaspoon salt, dash pepper, 1/4 cup cheese.

Variations—Add grated cheese (American), or peanut butter, curry powder or Worcestershire sauce. Chopped parsley and pimiento added to the sauce are especially good for creamed potatoes.

Method of Mixing—Make sauce by the desired method, cooking thoroughly. Cool slightly, then stir gradually into the cheese till well blended. Reheat carefully. Cheese which is strongly acid may curdle the sauce unless it is neutralized with soda (1/4 to 1/2 teaspoon to a cup of cheese.) Avoid boiling the sauce after the cheese has been added. Scalloped dishes made with the cottage cheese sauce should be placed in a quick oven so that the crumbs may brown before the sauce boils.

#### Cottage Cheese and Peanut Butter Soup.

Make a thin white sauce neutralizing the acid with soda. Blend 1 tablespoon of peanut butter with it for each cup of sauce. Season with a slice of onion, bit of bay leaf or pinch of powdered sage heated with the milk.

Cream of cottage soup may be made in the same way, omitting the peanut butter.

Farmers are urged to secure their own customers in the city and deliver to them at stated times where this is possible.

A splendid opportunity presents itself for an energetic woman of business experience and ability, in the development of the cottage cheese business in this city. It could not be guaranteed that large profits would result, but there is no doubt that a neat profit could be realized. There are many instances in which women with initiative have established a comfortable income in various similar ways. Would the Brainerd housewives support such a venture?

When approached as to their willingness to handle sweet skim milk or fresh cottage cheese in the interests of food conservation, every grocer interviewed expressed the desire to do all he could in the way of co-operating with the farmers to bring about an increased use of cottage cheese in the city. The prices for milk and cheese have not been standardized, but it is safe for the farmer to assume that a reasonable price will be paid. Both products must be wholesome and sanitary, the cheese requiring careful preparation.

##### OUT OF THE GLOOM

Many a Gloomy Countenance in Brainerd Now Lightens With Happiness

A bad back makes you gloomy. Can't be happy with continual backache.

The aches and pains of a bad back are frequently due to weak kidneys.

Doan's Kidney Pills are recommended for weak kidneys.

So Brainerd citizens testify.

Mrs. A. Noakes, 313 S. Ninth St., Brainerd, says: "I had been feeling miserable and sick all over for about a year and didn't know what was wrong with me until my kidneys began to show they were disordered. My feet would swell and puff up when I took off my shoes in the evening. I always had a tired and depressed feeling. I tried different remedies with no relief until I got Doan's Kidney Pills at the Skauze Drug Co. and began using them. After I had taken four boxes of Doan's I was cured."

#### Wm. S. Hart at the Best Tomorrow

The mere announcement that William S. Hart is to be seen in a new photoplay is sufficient to rouse intense interest among picture fans anywhere. That they will not be disappointed in his newest presentation, one which affords him ample opportunities for the display of his rare powers as a portrayer of western roles, is a foregone conclusion.

Mr. Hart's new vehicle is "The Tiger Man," directed by Mr. Hart himself, under the supervision of Thomas H. Ince, master craftsman, while the scenario is the work of J. G. Hawks, who is responsible for many of Mr. Hart's recent Arctcraft successes. It is a powerful story of the desert in the days of the gold rush, and its development is dramatic and thrilling to a degree.

"The Tiger Man," which is to be

presented at the Best theatre Sunday, is a typical Hart role, and yet wholly different in conception and treatment. Hawk Parsons is an outlaw and leader of a band of desperadoes, who make the desert their headquarters. When a wagon train comes to grief within Hawk's bailiwick, and the young and pretty wife of a preacher appeals to Hawk for aid, the developments come thick and fast. How the "tiger man" is regenerated by a pious woman, and for whose sake he makes a great sacrifice, is interestingly told. The support is excellent, and the photography fully up to the high Arctcraft standard.

## Minnesota is Proud of Its Newest Industry

The remarkable progress being made by the newest of the North Star State's great industries is attracting the attention of the nation. It is doubtful whether any of the state's industrial enterprises ever made a record for themselves such as the Pan Motor Company has in the few months that have elapsed since its establishment at Saint Cloud.

Located in the heart of Minnesota and surrounded by ideal manufacturing conditions, the Pan project quickly became an important factor in the industrial activities of the state. It has grown to such proportions and with such rapidity that today Minnesota is known throughout the nation as the home of the first manufacturing enterprise of its kind that had foresight to locate west of the Mississippi.

Minnesotans, who are ordinarily in the habit of doing and seeing big things done in this great state without much ado, couldn't disguise their surprise and admiration when the company announced the turning out of its first car in its own factory early in January.

The Pan had only come to Saint Cloud in March, 1917, with a handful of stockholders, two or three employees—and a plan! It had only broken ground for its big plant in August! It—well it just didn't seem possible or believable—that was all!

But it was a fact and when Minnesota realized this accomplishment it soon began to awaken to the progress being made throughout all of the company's activities. Interest and a desire to become identified with a project that from all indications was destined to become one of the greatest industrial successes in the country soon manifested itself. As a result nearly 9,000 citizens of the state have interested themselves in the company by becoming shareholders and more are availing themselves of the opportunity every day.

Today Pan is known the length and breadth of the land. Its cars are on the highways and its tractors will soon be on the farms. Its family of subscribers has already grown to over 32,000 persons. Some of its big buildings are already completed and others are nearing completion. Its employees number several hundred. It is growing faster and stronger every day. The opportunity it presents to the investor cannot be overlooked.

## ADVERTISING PRICES INCREASED

Because of the abnormal conditions now prevailing in the printing business due to the war, we are compelled to announce an increase in advertising rates. All printing and publishing costs have advanced from 50 per cent to over 100 per cent, beside which living expenses have steadily increased, as everyone knows.

Therefore, beginning with June 1, 1918, the rate for display advertising will be 20 cents per inch for the first insertion, and 15 cents an inch for each additional insertion, and 25 cents an inch for transient display advertising. This is a flat rate and covers all display advertising, with the exception that all existing contracts will be continued at the old rate until contract expires. Special rates will be made on long time contracts.

Locals and readers will be 7 cents per printed line each insertion. All legal advertisements are to be at full legal rates, viz: 75 cents per folio for the first insertion and 35 cents per folio for each subsequent insertion.

Political advertising will be charged for at the same rate as legal advertising.

## VICEROY FEARS GERMAN PLOTS

Issues Proclamation Calling On All Irishmen to Help Defeat Conspiracy.

## MANY ARRESTS OCCUR

In Order That Ireland's Contribution of Men May Equal Other Parts of Empire Enlistments Will Be Encouraged.

London, May 18.—A considerable number of arrests have been made in Dublin and throughout Ireland, according to a dispatch to the Times from Dublin.

Dublin, May 18.—A German plot has been discovered in Ireland, according to a proclamation issued.

In the proclamation the viceroy calls on all loyal Irishmen to defeat the conspiracy.

The proclamation of the lord lieutenant says: "Whereas, it has come to our knowledge that certain subjects of His Majesty the King, domiciled in Ireland, have conspired to enter and have entered into treasonable combination with Germany, and,

"Whereas, such treachery is a menace to the fair name of Ireland and its glorious military record, a record which is a source of intense pride to a country whose sons always distinguished themselves and fought with such heroic valor in the past, in the same way as thousands of them are now fighting in this war.

"Whereas, drastic measures must be taken to put down this German plot, which means will be solely directed against that plot:

"Now, therefore, we, the Lord Lieutenant of Ireland and Governor General of Ireland, have thought fit to issue this proclamation, declaring as follows:

"That it is the duty of all loyal subjects of His Majesty to assist in every way His Majesty's government in Ireland to suppress this treasonable conspiracy and to defeat the treacherous attempt of Germany to defame the honor of Irishmen for their own ends.

"That, we hereby call upon all loyal subjects of His Majesty in Ireland to aid in crushing such conspiracy, and, so far as in them lies, to assist in securing an effective prosecution of the war and the welfare and safety of the empire."

"That as a means to this end we shall cause still further steps to be taken to facilitate and encourage voluntary enlistment in Ireland in His Majesty's forces in the hope that, without resort to compulsion, the contribution of Ireland to these forces may be brought up to the proper strength and made to correspond to the contributions of other parts of the empire."

## DANGER IN GERMAN PEACE

Former Socialist Leader Advocates Defeat of Teutons.

New York, May 18.—John Spargo, former member of the national executive committee of the socialist party, told the Economic club here that even if Germany gave up Alsace-Lorraine, northern France, Serbia and Rumania, and remained master of the economic resources of Russia, it would not only be Russia that had become the vassal of Germany, but America, too, would find herself under the yoke of the Central Powers.

"We have less need to fear the German legions of war than the whisper of German monitors suggesting peace," declared Mr. Spargo. "I am not so much afraid of the Prussian making war as I am of the Prussian prating peace."

## ELIGIBLE FOR COMMISSIONS

## Willard Quits Fight Game.

Chicago, May 18.—Jess Willard, world's heavyweight champion pugilist, has given up his Chicago home and left for his farm near Lawrence, Kan., where he said he intended to spend the rest of his life. "The public does not want to see me defend the championship during the war," the champion declared before he departed. "The Fred Fulton match is off and there may never be another. I am making no definite statement about retiring, but that seems the probable outcome."

## NEW AMERICAN FORCES ARRIVE

U. S. Troops Reach France and Help to Guard Ports On Channel.

## ENEMY PLANES DOWNED

Eddie Rickenbacker Attacks Three, Bringing One Down—Heavy Canoning By Foo Presages Assault—Flanders Salient Active.

With the American Army in France, May 18.—American troops have arrived in Northern France and are now completing their training in the area occupied by the forces which are opposing the advance of the Germans toward the channel ports.

American aviators in the section northwest of Toul brought down an alien German airplane.

Lieutenant Eddie Rickenbacker of Columbus, Ohio, answering an alarm shortly after daylight, encountered three enemy planes. He attacked them and shot down one two miles inside the enemy lines. Lieutenant Rickenbacker, formerly an automobile racer, was decorated with the French war cross two days ago. He assisted in bringing down a German airplane in enemy territory two weeks ago.

Yanks on Three Sectors.

Washington, May 18.—The American troops referred to as "The New American Army" in dispatches reporting their arrival in the zone of British operations in France, are the forces being brigaded and trained with the British, probably on the Flanders battlefield. They are not troops detached from General Pershing's present troops but are part of the new movement of forces from the United States, forecast by Premier Lloyd George some time ago.

American troops are in at least three and probably four sectors in the western offensive front. They have already been officially announced as brigaded with the French between Hallies and Hangard on Santerre and just west of Montdidier.

The French and British lines are supposed to converge at Villers Bretonneux, north of Hangard on Santerre, and just south of the Somme. It is presumed the Americans are on the S. line front, somewhere north of Villers Bretonneux, possibly as far north as Flanders.

## Airmen Are Active.

With the British Army in France, May 18.—While the infantry was comparatively inactive, the airmen on both sides have been extremely busy. At daybreak "Archie" shells began screaming skyward toward hostile planes and ever since German aviators have been making good use of the brilliant sun to reconnoiter and to take photographs. The Allied airmen have been pursuing their steady and relentless work over the German lines.

## DELCO-LIGHT

### Increases Farm Efficiency

Fifty thousand Delco-Light plants in operation on American farms are saving at the most conservative estimate, an hour a day each—or over 18,000,000 work hours a year.

That is equal to an army of 60,000 men working ten hours a day for a full month.

Delco-Light is a complete electric light and power plant for farms and suburban homes.

It furnishes an abundance of clean, safe, economical light, and operates pump, churn, cream separator, washing machine and other appliances.

It is also lighting rural stores, garages, churches, schools, army camps and rail way stations.

Mrs. Irma Camp Hartley and Rural Teachers Aiding After Schools Closed

In preparation for the coming canvass for War Savings Stamps, Mrs. Irma Camp Hartley with the assistance of the rural teachers whose schools are closed, is preparing a full list of every one in the county.

These people will be solicited just as they were for the Liberty Bonds. The names of those giving their assistance will be published later.

HOW WOULD YOU LIKE TO OWN SIX LIBERTY BONDS LIKE THIS?

You can have them for \$15 or \$20 monthly, which will include a small home. You can start with \$25 or \$50 this month. Their earning capacity is large, costs small. You can have liberty and a home worth while by making the effort. In case of hard times, lay-off or sickness, payments will be extended. Look this up today—not tomorrow. Liberty Realty Co., by P. B. GIVES FLAG TO CITY

Patriotic Gift of Charles H. Krech Formally Accepted This Morning and Raised Aloft

The American flag, 8x10 feet in size, presented to the city of Brainerd by Charles H. Krech, was formally accepted this morning by City Clerk Anton Mahlum and was flung to the breeze from the city hall flag staff in time to wave a welcome to the big Red Cross parade this evening.

Mr. Krech is to be commended for his patriotic spirit in seeing that the city hall carries its flag.

This makes the third flag the city has received, the first from the Booster club, the second from the Minnesota & International railway company and the third from Mr. Krech.

BASEBALL SUNDAY, BRD. VS. VERDALE

Let you forget, the reminder is printed today.

Baseball 3 P. M., Koering grounds, Brainerd vs. Verdale.

Verdale comes prepared for a fight to a finish game and claims it will win and get out of the cellar.

Brainerd is on its toes and in the pink of condition and expects to reap the long end of the score.

The dope is, however, that Brainerd wins, for it is believed the locals will excel Verdale in hitting.

Beach will pitch for Verdale. Leaneau may be on the mound for the locals.

Make it a point to attend the game. Boost baseball and the Red Cross and help your town win. Net proceeds of every Red Cross league game played in Brainerd goes to the local Red Cross chapter.

The last game gained about \$100 for the Brainerd Red Cross.

The Eagles will be in the line up strong.

The Degree of Honor will be represented.

A card from Lee Bennett, received by his sister, Mrs. Henry Lohf, on Monday, announces the safe arrival in France of the transport that carried them across the Atlantic with all on board.

Wm. Swinman of Brainerd, was a caller on the editor of the Herald, Sunday, and says that he may locate here permanently. Should he conclude to do so, there will be another farmer added to the community.

P. B. Peterson and family left their home north of Pillager Lake recently, leaving the smoke house unlocked. When they returned they found a nice ham and large side of pork missing, the first time in their residence there of over 30 years that anything was stolen. Mr. Peterson is quite certain that he knows who the meat hungry person was and expects to find most of the ham and pork back in the smoke house soon.

## APPRECIATED SOLDIER'S KIT

Private H. B. Haselhorst in Letter to Brainerd Red Cross Chapter Pens Thanks

SPECIAL MEETING OF DIRECTORS

Auxiliaries Formed at Nokay Lake and St. Mathias—Donations Received

In a letter to the Brainerd Chapter of the Red Cross, Private H. B. Haselhorst wrote:

"Am writing this to show my appreciation for the kit which was presented me April 18.

"Much as you may realize the great convenience the kit is to a soldier, you cannot realize the help and comfort it gives. I say it is indispensable. Thanking you very much for the kindness, I am very sincerely yours, H. B. Haselhorst."

A special meeting of the directors of the Brainerd Chapter A. R. C. was held at 5 P. M. Wednesday. The chair, Mrs. J. A. Thabes, reported the formation of an auxiliary at Nokay Lake and one at St. Mathias.

The secretary reported these donations: Hans C. Jensen \$1, Royal Neighbors \$5, Boys' club Swedish Bethany church \$7.50, Mrs. R. Dahmen, Dykeman, \$262.12; Maple Grove township District No. 23, \$22.30; Ladies' Aid of the Finnish Lutheran National church, \$15, and Mrs. Jacob Setula.

The donations were accepted with a vote of thanks from the Chapter. The comfort kit committee was authorized to spend not to exceed \$100 for materials.

Mrs. Johnson reported the basket social was to be held at Nokay Lake the coming Saturday or the Saturday following and that a speaker was wanted for that meeting. The secretary was instructed to learn the exact date of the meeting before action was taken.

The chair stated that reports from the Junior Red Cross and the inspection committee were available and that they would be read at the next meeting.

The chair was authorized to order cards for members of the surgical dressings classes and to issue the same to those entitled to them.

A letter was read from headquarters stating that a sample folding packing box would be shipped to Brainerd Chapter for trial use. The question to secure packing boxes for future use was discussed without action.

LUCRATIVE INVESTMENT

War Savings Stamps Offer Such Field to Men, Women and Children

"War Savings Stamps furnish a wonderful chance for every man, woman and child to buy a lucrative investment in the government," said H. F. Michael, chairman of Crow Wing county War Savings committee today. "It is to be hoped that every resident of this county will avail himself of this unusual opportunity. Minnesota cannot afford to be rated among those states which have not greatly exceeded their quotas in the purchase of War Savings Stamps."

"There are men and women who can afford to purchase the limit, which is \$1,000 worth, and these men and women should immediately ascertain from their township or city chairmen all particulars relating to this issue of government paper."

"The drive will start on June 6th and continue one week. The organization in this county is being perfected and will allot the amounts it considers citizens can take in War Savings Stamps in order to assist the government in financing the war."

BRAINERD'S OLDEST STORIES OF TODAY

This is the story of a lady's hat and a windy day. A pretty Brainerd matron was driving a car across the hill when a burst of wind, and there was a lot of wind Wednesday, caught her hat and whirled it off her head. She stopped the car and got two passing boys to search the hill park for her hat. After an extensive search they reported it was nowhere to be found. Much disheartened, she entered the car to return home hatless and happened to look in the rear seat and there was the hat. It had popped up in the air like a flying machine and then taken a spiral nose dive, almost returning to where it started.

George Ridley on May 13 filed for sheriff. It is said George has no superstition about a figure 13.

There remain only two blue cards for cases that have not yet been dealt with, but these will be disposed of shortly. There are about twenty Finn miners who refused to even answer questions. These Finns are always the troublemakers when there is trouble; apparently they have not yet learned that their attitude is in defiance of all present customs and public opinion. They consider themselves indispensable to industry, and, therefore, safe. Plans are now being arranged to remove all these men from the country. is a remarkable one. It not only demonstrates the effectiveness of public opinion on such matters, but the most favorable sentiment that prevails through the county.

Brainerd had 2,255 subscribers this time, or 225 more than in all the county in the second campaign, and raised a total of \$221,809, being 59% of the amount required of the county. There were 242 women subscribers who raised \$19,659. This number is 46% of all the women subscribers and 48% of the total sum subscribed by women. There was one blue card turned in for Brainerd, but that man bought a bond after the committee got after him.

The Riverton, Cuyuna and Deerwood canvassing districts doubled their quotas. The Riverton district has the remarkable record of raising nearly six times its allotment. The smaller units which doubled their allotments are:

Crow Wing township, Maple Grove township, Baxter township, Deerwood township, Bay Lake township, Deerwood village, Cuyuna village, Lake Edward township, Emily township, Little Pine township, Fairfield township, Ross Lake township, and Timothy township.

Every single unit went over the top in fine order. There were no weak spots anywhere, in fact, all shone brilliantly, otherwise the over-subscription never would have been 77%.

### Across the Seas They Call

**A**CROSS the seas from every war-torn nation in the Allied cause there comes the call for Red Cross help.

It comes from soldiers who have grimly faced the gleaming bayonet steel and poison gas and screaming shells, and who now lie with parching throats and throbbing wounds.

It comes from soldiers sick with fever, pneumonia, tuberculosis.

It comes from soldiers crippled, mutilated, blinded, who can no longer fight and must be taught and trained for useful occupations.

It comes from the underfed, shivering, helpless prisoners in the German prison camps.

It comes from little children, orphaned, homeless, slowly starving day by day, by tens and tens of thousands.

It comes from mothers in the pillaged zones of war whose hearts and souls have been made numb with horror.

From all these millions of suffering human beings there comes across the seas the call for help—help that because of the frightful burdens placed upon our Allies *cannot be given unless it be provided by the American Red Cross.*

Another hundred million is needed to "carry on."

What will America's answer be?

#### Every cent of every dollar received for the Red Cross War Fund goes for War Relief.

The American Red Cross is the largest and most efficient organization for the relief of suffering that the World has ever seen.

It is made up almost entirely of volunteer workers, the higher executives being without exception men accustomed to large affairs, who are in almost all cases giving their services without pay.

It is supported entirely by its membership fees and by voluntary contributions.

It is today bringing relief to suffering humanity, both military and civil, in every War torn allied country.

It plans tomorrow to help in the work of restoration throughout the world.

It feeds and clothes entire populations in times of great calamity.

It is there to help your soldier boy in his time of need.

With its thousands of workers, its tremendous stores and smooth running transportation facilities, it is serving as America's advance guard—and thus helping to win the war.

Congress authorizes it.

President Wilson heads it.

The War Department audits its accounts.

Your Army, your Navy and your Allies enthusiastically endorse it.

Twenty-two million Americans have joined it.

This is one of a Series.
